

People eXperience Academy

WHAT DOES THE ACADEMY AIM TO TACKLE?

Intelligent development and use of flexible, digital work places

Effective engagement and collaboration through blended interactions across diverse workforces

Best practices in scaling organisations through recruitment, engagement and retention

Intelligent use of technology and tools to facilitate new business

What is the People eXperience Academy?

The purpose of the 'People eXperience academy' is to share knowledge, experience and best practices with business leaders to create a better working world.

The academy will provide practical guidance, through a series of case studies, on how to develop and implement world class work practices, effective leadership and governance while maintaining a sound approach to policy making, risk management and the regulatory landscape.

This includes:

- A series of key-note events – covering areas of interest and challenges to CHRO and Digital Leadership Officers
- Exclusive roundtable discussions with senior leaders – on key People Experience areas
- Innovative labs to explore new meeting and collaboration technologies (including metaverse)
- Potential collaboration opportunities with leading organisations to learn, share and experiment
